NARVA

the automotive lighting experts

Our customers come first

At NARVA, customer satisfaction is our number one priority. NARVA delivers high-quality automotive lighting products so that professionals can fully satisfy their customers' needs. With NARVA, garages and shops are able to deliver reliable products and quality service at an affordable price. NARVA has developed a comprehensive product portfolio in order to meet the needs of professionals all around the world. Dedicated NARVA teams and distributors are committed to serving and informing our customers worldwide. We strive to efficiently and effectively meet all customer and market demands in all areas of our business. Our sales offices, together

with a central warehouse, provide attentive customer care and an efficient delivery service.

Dedicated NARVA teams and distributors are committed to providing outstanding customer service in all areas of our business.

Caring for our customers begins with providing a **quality product** at an **affordable price**.

As today's roads become more congested, we believe it's necessary for all drivers to be able to afford a high-quality and reliable lighting solution for increased safety and visibility.

Quality lighting at an affordable price, now available to everyone.

Our affordable quality

NARVA products: consistent quality and dependable reliability

- NARVA, more than 65 years of automotive lighting experience
- Comprehensive testing throughout the entire production process
- Constant quality control of every lamp
- Compliance testing and international certification processes, including ISO/TS 16949, DIN EN ISO 14001, ECE R37, ECE R87
- Ongoing investment in product innovation and new processes

The quality of NARVA products and production processes are regularly controlled. Our products adhere to ECE* regulations and other legal requirements. (See *Which lighting solution do you need* on page 2 to discover all ECE certified lighting products.) NARVA production, as well

as marketing and logistics processes, are regularly controlled with the help of today's international ISO** engineering standards. The ECE created international guidelines for the automotive industry and its suppliers in order to reduce trade barriers and increase traffic safety. Products that do not conform to ECE regulations cannot be sold in Europe. NARVA products adhere to ECE regulations 37 and 99 that provide guidelines for filament lamps, including measurements, luminous flux and power. The ISO/TS 16949 is our proof of strong integration of safety and stability in our production, marketing and logistics.

Over 65 years of experience and know-how define all NARVA lighting solutions. NARVA performs ongoing tests on its automotive lighting products in order to enhance and assure constant quality. The adherence to all quality tests guarantees the reliability of all NARVA products.

Accredited management system

12V Halogen solutions

NARVA is renowned for manufacturing quality lighting solutions that are durable, reliable and provide greater visibility and greater safety in all driving conditions.

Discover our complete range of automotive lighting, including our LED interior lighting.

■ Replacement

Standard

NARVA Standard represents the best value, combining reliability with economy.

For drivers seeking the greatest price/performance ratio without sacrificing safety, NARVA Standard is the right choice.

Read more
about Standard

■ Durability

Long Life

Our green range has been especially engineered for long lifetime. Lasting twice as long as standard lamps, these long-lasting lamps will not have to be replaced as often which results in less maintenance combined with a minimal impact on the environment.

Read more
about Long Life

■ Better vision

Range Power 50+

Offering up to 50% more vision than a standard lamp, our Range Power 50+ delivers a longer light beam for even greater brightness. It's engineered for drivers to see farther and more clearly for greater safety.

about Range Power Blue+

Standard

Range Power Blue+

Standard

Range Power White

Range Power White*

NARVA Range Power White offers a bright and stylish white light. The stylish xenon effect obtained by the 4 500 K color temperature offers your car an eye-catching look close to daylight. Range Power White is the choice for those who seek to stand out from the crowd.

*Non-ECE-homologated. Cannot be sold or used in Europe.

12V Headlamps

The **Standard Replacement** lamp is perfect for drivers seeking to replace a burned out lamp.

For those looking for a more environmentally friendly lamp, our **Long Life** range offers double lifetime.

For demanding drivers seeking a high-performance lamp, discover our **Range Power 50+**, featuring up to 50% more vision.

The new **Range Power 110** delivers up to 110% more vision.

The powerful light beam allows drivers to see farther.

NARVA **Range Power Blue+** combines a bright white light with a blue effect for stylish performance.

LED

 LED

Range Power LED

Transform your car from standard to stylish in one easy move with the gorgeous new NARVA Range Power LED bulbs. With crisp, white light and brilliant colors, not only will you look good, the brighter lights will help you see more and react faster.

HEADLAMPS

Illuminate the road with bright white headlights, ensuring great visibility and an amazing appearance. Due to their compact size and "twist and fit" design, these bulbs are one of the easiest to install. With superior thermal resistance, the lights are protected from heat damage, making them extra durable and long-lasting. Advanced optical design ensures safe driving without glaring oncoming road users.

It is your own responsibility that the use of the LED retrofit lights complies with applicable legal requirements. Lumileds cannot accept any responsibility and/or liability.

The LED retrofit headlights and exterior signaling lighting cannot be sold in Germany, Spain, Cyprus, Netherlands, Greece, Luxemburg and Malta.

HEADLAMPS INSTALLATION

SIGNALING AND INTERIOR LAMPS

NARVA Range Power LED offers crisp and vibrant positioning and interior lights. Besides looking great, now whenever you maneuver on the road, other drivers will quickly and clearly see what you are doing - making you and them safer. To get high quality products ensuring a continuing performance, and upgrade your style, choose NARVA Range Power LED!

Transform your car, choose NARVA Range Power LED!

Xenon solutions

Producing a brilliant, white light and a precise beam, the NARVA xenon range offers greater visibility for greater safety. NARVA xenon technology means longer lifetime and up to 3x more vision compared to a standard halogen lamp. Featuring a special UV-blocking quartz glass, this lighting solution provides maximum safety by allowing drivers to see even farther.

UNDERSTANDING XENON LIGHTING SYSTEMS

Xenon HID

(High Intensity Discharge) lamp

Electronic **ballast** and **high-voltage starter**

Complex **optical system** with automatic level control and power-wash system

Main benefits

- Brilliant and powerful light projection on the road
- Light color and intensity close to daylight
- Extra-long lifetime
- Low power consumption

Packaging

New Narva Special packaging

Our new packaging may be used for both Special double packs as well as for Spare kits. Product information is simply and clearly displayed on the back to help consumers make an informed decision.

The attractive packaging design provides a clear view of the products inside and its robust construction protects the content during shipping as well as in-store.

- Economical
- Reduces waste
- Clear information
- Robust construction
